# MATERIAL SAFETY DATA SHEET

Page: 1

Product Name: Famowood Scratch Repair Stick HMIS Codes: HFRP

0 10B

Section I - Company Identification

Company Name: Eclectic Products, Inc. Date Prepared: 01/29/97

Address: P.O. Box 2280

Eugene, OR 97402 Information Phone: (541) 484-9621

# Section II - Hazardous Ingredients/Sara III Information

Reportable Components		CAS Number	Vapor Pressure Mm Hg @ Temp, °F	Weight Percent
Paraffin Wax	0	8002-74-2		> 45

ACGIH TLV: TWA =  $2 \text{ mg/m}^3$  (fume)

# Section III - Physical/Chemical Characteristics

Boiling Point: 650°F Solubility in Water: Negligible

Melting Point: 124°F Evaporation Rate: Less than butyl acetate

Vapor Pressure: <0.5 mm Hg @ 25°C Percent Volatile: N/A

Vapor Density: Heavier than air Specific Gravity (H<sub>2</sub>O=1): 0.97

Appearance and Odor: Wax stick with a slight wax odor

# Section IV - Fire And Explosion Hazard Data

Flash Point: 400°F

Flammable Limits in Air by Volume Lower: N/A Upper: N/A

Extinguishing Media: Foam, CO<sub>2</sub>, Dry Chemical, Water Fog

Special Firefighting Procedures

Treat as an oil fire. Fumes, smoke and soot will be evolved. Self-contained breathing apparatus should be available for firefighters. Cool fire-exposed containers with water.

Unusual Fire and Explosion Hazards

Water may cause frothing.

# Section V - Reactivity Data

Stability

This product is stable in most conditions. Use this product only as recommended by manufacturer.

Conditions to Avoid

None.

Incompatibility (Materials to Avoid)

Strong oxidizing agents, acids, and alkalis.

# MATERIAL SAFETY DATA SHEET

Famowood Scratch Repair Stick

Page: 2

<sup>\*\*</sup>No chemicals subject to the reporting requirements of Section 313 of Title III and of 40 CFR 372 are present\*\*

#### Hazardous Decomposition Byproducts

Acetic acid, acrolein, aldehydes, carbon dioxide, carbon monoxide, soot, and smoke.

Hazardous Polymerization: Will not occur.

#### Section VI - Health Hazard Data

# Inhalation Health Risks and Symptoms of Exposure

Solid material is not volatile, so exposure by inhalation is unlikely. If working with molten material, prolonged exposure to fumes may cause irritation of nose and throat.

#### Skin and Eye Contact Health Risks and Symptoms of Exposure

Contact with molten material may cause thermal burns. Prolonged exposure to fumes emitted by the molten material may cause tearing.

# Skin Absorption Health Risks and Symptoms of Exposure None.

#### Ingestion Health Risks and Symptoms of Exposure

Accidental ingestion of this material may cause irritation of the digestive tract.

Carcinogenicity: NTP Carcinogen: No IARC Monographs: No OSHA Regulated: No

#### Medical Conditions Generally Aggravated by Exposure

People with pre-existing skin disorders or respiratory disorders such as asthma may be more susceptible to the effects of this product.

#### **Emergency and First Aid Procedures**

Eyes: Flush immediately with large quantities of water for at least 15 minutes while lifting eyelids. Consult physician if irritation develops or persists.

Skin: Remove solid product mechanically and wash thoroughly with soap and water. If irritation persists, contact a physician. Note: For liquid product, cool immediately. If second or third degree burns are suspected, do not remove product - see physician immediately.

Inhalation: Move to fresh air. Provide artificial respiration, if necessary. Seek immediate medical aid.

Ingestion: Do not induce vomiting. Consult physician.

#### Section VII - Precautions For Safe Handling And Use

# Steps to be Taken in Case Material is Released or Spilled

Cold material may be picked up by hand and may not need to be disposed of.

# Waste Disposal Method

If disposal is necessary, consult federal, state, and local laws prior to disposal.

### Precautions to be Taken in Handling and Storing

Keep product containers cool, dry, and away from sources of fire. Avoid temperatures in excess of 100°F; avoid storing in direct sunlight.

# Section VIII - Control Measures

#### Respiratory Protection

Not needed during normal use. If product is heated and if vapor concentrations exceed the recommended exposure limit for paraffin wax, use an NIOSH-approved respirator.

# MATERIAL SAFETY DATA SHEET

#### Ventilation

Special ventilation is not normally required.

#### Protective Gloves

Not normally required. Neoprene or rubber gloves may be necessary to avoid possible skin irritation in sensitive individuals.

#### Eye Protection

Not required under normal use.

Other Protective Clothing or Equipment None.

Work/Hygienic Practices Wash thoroughly after use.

#### Section IX - Disclaimer

To the best of our knowledge, the information contained herein is accurate, obtained from sources believed by Eclectic Products, Inc. to be accurate. Since the conditions and method of use of our products is beyond our control, we disclaim any and all liability arising out of the improper use of this product or the information provided herewith.
